Presidential Pearls of Wisdom from Kathy & Alice

Dear Friends,

A wise woman recently shared that the year of the tiger is a year of change. Many of us experienced life changing events in 2022, and we as painting groups have felt some growing pains and some new direction adjustments. This same woman shared that 2023 the year of the rabbit is a year of hope. Let's pull out all the stops and go for a big, fat, year of HOPE as we continue to meld and share our love of sumi-e and our community. So grateful for each one of you.

Kathy

Dear Friends of Sumi-e,

I hope that we all enjoy the wonderful holidays of December. As we enter the Year of the Rabbit, we join together and celebrate! I am looking forward to seeing you at Gaye's home for Shinnenkai on January 7, 2023! Thanks to Christina, we have a wonderful lineup of workshops for the months to come. I am excited to continue painting and learning with this excellent, united, group of friends.

Respectfully,
Alice

Community Happenings

Your editor thought it might be interesting to introduce our community to other art forms of interest in the Southern California area. A recent discovery is **The Cheech** in Riverside County. (Road Trip!)

Exhibition: June 18, 2022–May 14, 2023

Cheech Collects weaves a story of Cheech Marin’s efforts as a passionate and laser-focused collector, exploring the making of a major collection from the first works acquired through the most recent acquisitions. This inaugural exhibition is a celebration of the foremost champion of the Chicano School of Art. Unflinching in his faith and commitment to the excellence of this art, Marin does not bother with past debates on the legitimacy of this art movement but dares to posit that it is the most significant American art movement to date.

The creation of The Cheech Marin Center for Chicano Art & Culture furthers his advocacy and will continue to shape the art world’s perceptions and understanding of Chicano art. Inarguably, Marin’s efforts have brought unprecedented attention to Chicana/o art with exhibitions of and loans from his collection to over 50 museums nationally and internationally. The inaugural exhibition features almost 120 works from Marin’s generous gift of over 500 works to the Riverside Art Museum as well as from his personal collection. It includes iconic works that have toured in *Chicano Visions*, among other notable exhibitions, works that have not often been exhibited, and some that will be on view for the very first time, reflecting a 40-year span of art production.

And, closer to home, **Mission Trails Regional Park Foundation** presents regular exhibitions in its Visitor Center, currently presenting “Between Sea and Sky now through December 30, 2022.

The Foundation provides a beautiful exhibit space for local artists working in all media with a passion for the natural world. In the past, members of the Friends of TakaSumi-e, Iris Lowe and Joan Rasp, and Julia Kazan Roth and Gaye Lingley have exhibited their works in the Center.

Tuesday Painters has spent many mornings in various locations around the Park sketching and enjoying the surroundings.
