January 2021 Newsletter

www.takasumi-e.com

Hi Everyone – This is a SHORT newsletter for January 2021 as everyone is still celebrating the end of 2020 and looking forward with great anticipation a New Year. Your Editor hopes that you all remember your family, friends and those you don't know and respect their health and well-being by REMAINING HOME AS MUCH AS POSSIBLE, WEARING A MASK WHEN YOU DO GO OUT, REMAINING SOCIALLY DISTANT, AND WASHING YOUR HANDS WELL AND OFTEN. While I don't have a personal relationship with anyone who has died, two of my grandchildren have contracted COVID-19 (and fortunately recovered) and my daughter who is an administrative nurse is returning – ON A VOLUNTARY, UNPAID BASIS – to the ICU at her hospital on her days off to relieve the overworked bedside staff. Please, please, take all the requests of those respected scientists and medical personnel who know to heart and let's do our part get this pandemic under control. (Gaye)
